RE: GMM REVISION 12

The MHI General Maintenance Manual has been updated to Revision 12; 2.1 Aircraft Airworthiness Check. The revision has been posted to the Maintenance Portal.

Airworthiness Checks on Maritime aircraft operating under a CAMP may only be performed by A&P certificated personnel I/A/W the appropriate Appendix in the FAA approved CAMP manual. Reference this document when performing this check.

Please review this revision as soon as possible. Also recommend a refresher review on all information contained in Chapter 2.
